TESTS ORDERED (LABS, X-RAYS) (11/08)

Your test will be ordered by our office directly by fax to the test center of your choice. If your insurance is an HMO, your primary care physician (PCP) must order your labs/tests. If your insurance dictates where a test must be performed, it is your responsibility to notify our staff before the test is ordered. **If you request a site not covered by your insurance, you will be responsible for payment.** Please call the test center's central scheduling department to make an appointment for the test to be done.

Unless a follow-up appointment is already scheduled, please call our office 48 hours after the test is done to get your test results. Please do not assume the results are normal if you do not hear from our office. If you are having a CT scan x-ray done, please ask, at the time of your test, for a copy of the x-ray films to bring to your next appointment.
